|--|--|

You will meet students and teachers from  
**Poland** (Rzeszów University of Technology (PRz)) and  
**Spain** (University of Oviedo)

**This is YOUR chance to build cross-border networks and access universities in other countries!**

15 students will come together to Rzeszów to share their experiences and to learn and work (in the labs) together in the international teams. Various topics of product development and manufacturing will be chosen combined with a company visit and other social activities.

**5 students from KTU MIDF will be selected to participate.** The main criteria are high academic results, but in reality, what is needed here is a desire to communicate, to create and to take an active part.

**Students wishing to participate must submit a [Registration](#) form by **March 2:****
